NEW 14-UNIT APARTMENT BUILDING OPENS IN LITTLE ITALY

Cleveland's historic Little Italy neighborhood welcomed its newest addition with the ribbon cutting for a 14-unit apartment building at 2183 Cornell Road on December 6. Developed by Alpha Apartments and designed by Oliver Architecture, the building blends modern luxury with the classic charm of Little Italy.

The project, celebrated by Council President Blaine Griffin, LIRC President Angela Ianiro, and LIRC Executive Director Joe Marinucci, was a collaborative effort involving local residents and organizations. Each unit offers high-end finishes, in-suite laundry, and contemporary amenities, while the building incorporates sustainable technologies and traditional architectural elements to honor the neighborhood's heritage.

With only one unit remaining available, the development reflects the growing demand for thoughtfully designed housing in this vibrant area.
